Sau khi đăng nhập admin vào DirectAdmin ta chọn "Reseller Level" -> Chọn "Add Packages"

The screenshot shows the DirectAdmin control panel. At the top, the 'DirectAdmin' logo is displayed. Below it is a navigation bar with icons for Home, Webmail, Password, Help, Files, and Logout. A search bar is present with the text 'contains' and buttons for 'Domain' and 'User'. The main content area is titled 'Account Management' and contains several links: 'Add New User', 'List Users', 'Manage Tickets (0 new)', 'Add Package' (highlighted with a red box), 'Manage User Packages', and 'Edit User Message'. On the right side, there is a sidebar with 'Message System (0)', 'Access Levels' (with a red box around 'Reseller Level'), and 'Your Account' section showing usage for Disk Space (MB) and Bandwidth (GB).

Chọn các thông số của Package cần tạo -> Đặt tên cho Package -> "Save".
